DETAILED ACTION

1. Claims 15-30, amended claim 31 (2/4/04) and new claims 32-47 (2/4/04) are pending in the instant application. Claims 20-30, 37-47, have been withdrawn from consideration. Claims 15-30 and amended claim 31 (2/4/04) are under consideration by the Examiner.
2. Receipt of applicant's arguments and amendments filed on 2/4/2004 is acknowledged.
3. The following previous rejections and objections are withdrawn in light of applicants amendments filed on 2/4/2004:
 - (i) the rejection of claim 31 under 35 U.S.C. § 112, second paragraph.
4. Applicant's arguments filed on 2/4/04 have been fully considered but were persuasive in part. The issues remaining and new issues are stated below.
5. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claim rejections-35 USC § 112, second paragraph

6. Claims 31 and 32-36 are rejected under 35 U.S.C. § 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 31 is vague and indefinite because in lines 3-4 the claim recites "it comprises" rather than "the protein comprises" and "it has" rather than "the protein has".

Claim 32 is vague and indefinite for several reasons.

Claim 32, line 1 recites "...which has binding activity" rather than "which binds to....".

Art Unit: 1646

Furthermore, claim 32, lines 5-13 recite the additions or deletions of amino acids to SEQ ID NO:4 rather than the specific sequences. It is suggested that these claims be amended to recite the specific sequences recited in the specification.

Claims 33-36 are rejected as vague and indefinite insofar as they depend on claim 32 for its limitations.

Conclusion

Claims 15-19 are allowable.

Claims 31-36 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
